

Polish Bonair strengthens Fellowmind's position as the leading European Microsoft platform – Acquisition advised by BevermannConsulting as M&A Consultant

BevermannConsulting is pleased to announce that it acted in collaboration with FSN Capital and Wave Corporate Finance as the buy-side M&A Consultant to Fellowmind on the acquisition of Poland based Microsoft partner Bonair. Fellowmind is Europe's leading platform for Microsoft Business Applications. Bonair has grown to be in a leading position for Microsoft D365 in Poland. Microsoft has rewarded the company's work with the 'Partner of the Year' award three times. With this step, the Fellowmind organization now sets foot on the Polish market. The business will continue from their offices in Warsaw, Szczecin and Bialystok. <https://fellowmindcompany.com/news/polish-bonair-joins-fellowmind/>

"BevermannConsulting has vast knowledge of our market." Says Emiel Putman, CEO at Fellowmind. "The team has a wide network of relevant people in the European region. We cooperated as a team to scan the Polish market and approach the right acquisition candidates that fit our company culture and ambition."

Sven Bevermann, CEO at BevermannConsulting adds: "We have been working with the Fellowmind team since 2017 as their M&A Consultant to support their International growth ambitions. We are proud that we have contributed to the acquisition of Bonair and were able to team up with Wave Corporate Finance, FSN Capital V and the team of Fellowmind."
